Putting Live Discussions on the Map

Leading the Conversation. Spotlight on Your Topic

- nova talks are digital
- interactive events that bring current topics into focus – open
- to all interested participants and free of charge. Each session explores a specific subject
- After the session you will receive the right to contact the participants

Hosted by nova-Institute

- 2 speakers, 1 live discussion, moderated by the nova-Institute
- this unique format allows you to discuss your innovation in front of experts and potential clients

Your benefits

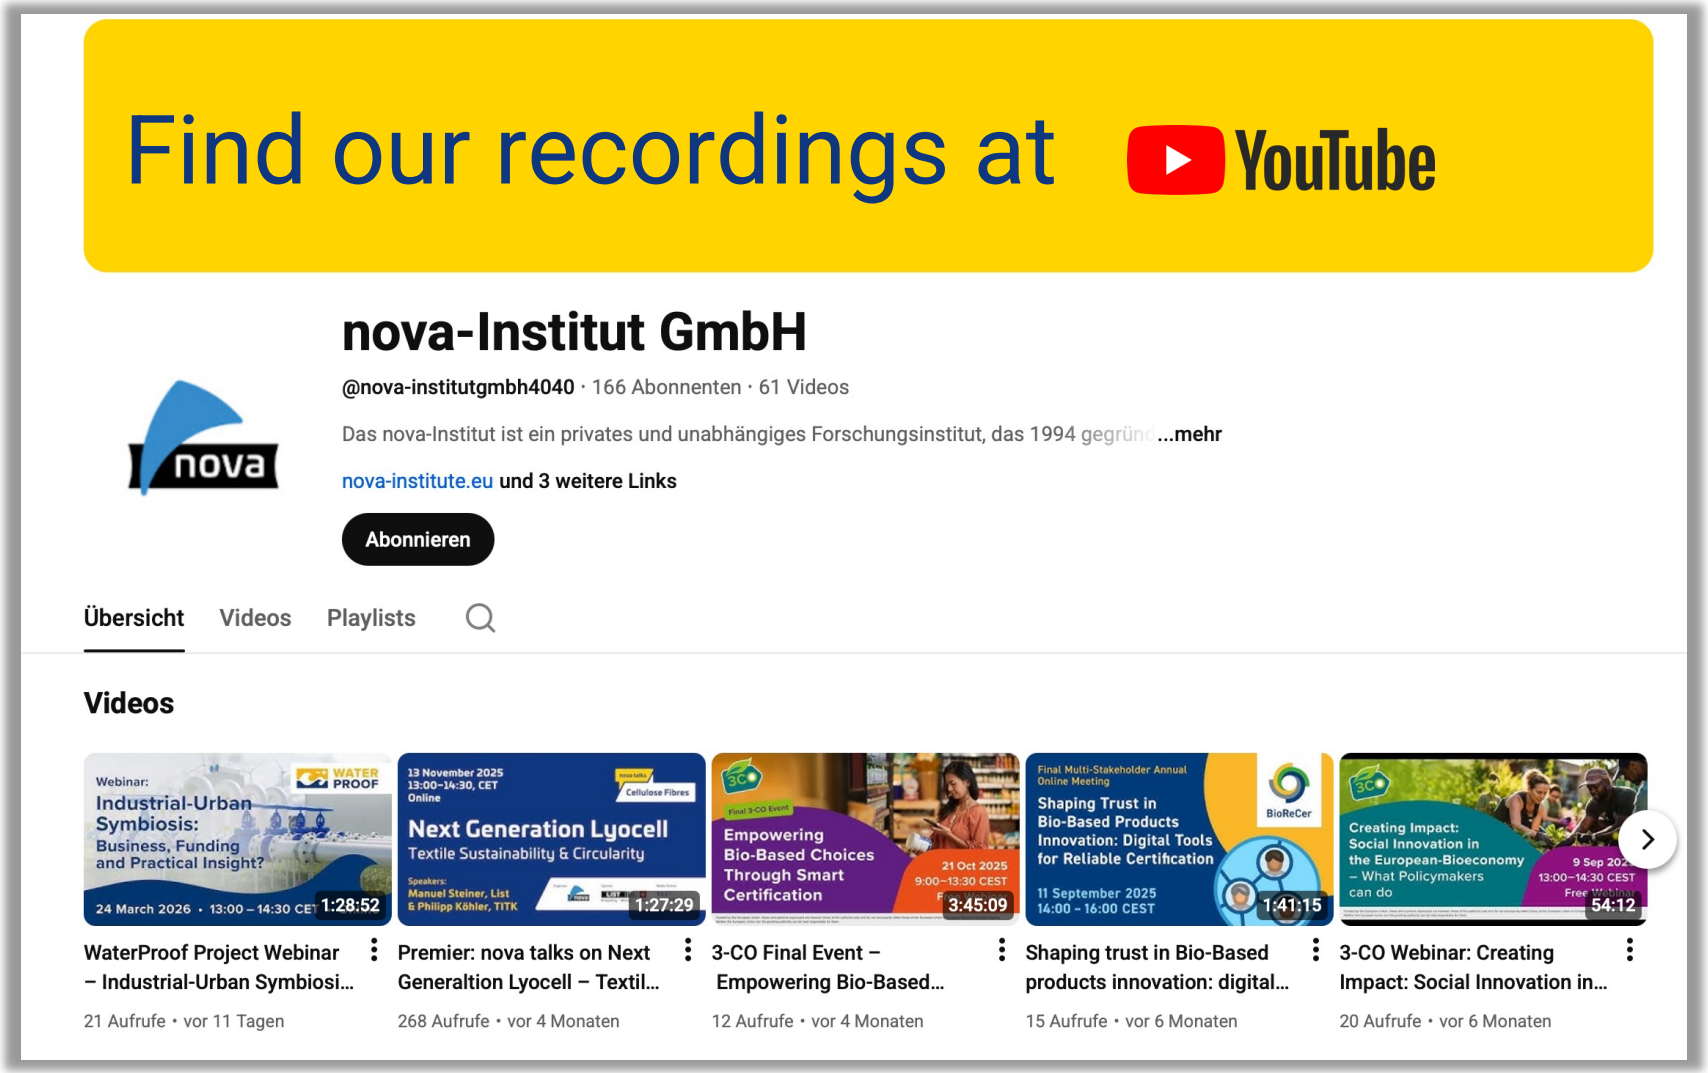

After the event, the contact details of participants (who have given their consent) will be compiled into an Excel spreadsheet and handed over to the sponsor. The data includes name, email address, country, organisation and sector.

Your episode of the nova-Talk online event will be available to a wider audience on the nova YouTube channel.

- Exclusivity as a sponsor and speaker at the nova-Talk online event – exclusivity of the topic: the only talk on the sponsor's topic in 2026
- Preparation of the topic and the event in collaboration with the sponsor, creation of marketing banners, allocation of an academic partner for the discussion, and moderation of the talk by a nova expert.
- Marketing activities on social media, banner in RC News (small, 150 x 65 px) for 4 weeks, news article, media partnership with Textile Technology, inclusion of the event in the newsletters of nova and Textile Technology, several marketing mailings to the relevant target group
